# BSBRA SIGNAL 19

## “and the following messages”

Labor Day, an annual celebration of workers and their achievements, originated during one of American labor history's most dismal chapters. In the late 1800s, at the height of the Industrial Revolution in the United States, the average American worked 12-hour days and seven-day weeks in order to eke out a basic living. Despite restrictions in some states, children as young as 5 or 6 toiled in mills, factories and mines across the country, earning a fraction of their adult counterparts' wages. People of all ages, particularly the very poor and recent immigrants, often faced extremely unsafe working conditions, with insufficient access to fresh air, sanitary facilities and breaks.

As manufacturing increasingly supplanted agriculture as the wellspring of American employment, labor unions, which had first appeared in the late 18th century, grew more prominent and vocal. They began organizing strikes and rallies to protest poor conditions and compel employers to renegotiate hours and pay. Many of these events turned violent during this period, including the infamous Haymarket Riot of 1886, in which several Chicago policemen and workers were killed. Others gave rise to longstanding traditions: On September 5, 1882, 10,000 workers took unpaid time off to march from City Hall to Union Square in New York City, holding the first Labor Day parade in U.S. history.

The idea of a “workingmen’s holiday,” celebrated on the first Monday in September, caught on in other industrial centers across the country, and many states passed legislation recognizing it. Congress would not legalize the holiday until 12 years later, when a watershed moment in American labor history brought workers’ rights squarely into the public’s view. On May 11, 1894, employees of the Pullman Palace Car Company in Chicago went on strike to protest wage cuts and the firing of union representatives.

On June 26, the American Railroad Union, led by Eugene V. Debs, called for a boycott of all Pullman railway cars, crippling railroad traffic nationwide. To break the strike, the federal government dispatched troops to Chicago, unleashing a wave of riots that resulted in the deaths of more than a dozen workers. In the wake of this massive unrest and in an attempt to repair ties with American workers, Congress passed an act making Labor Day a legal holiday in the District of Columbia and the territories. More than a century later, the true founder of Labor Day has yet to be identified.

Many credit Peter J. McGuire, cofounder of the American Federation of Labor, while others have suggested that Matthew Maguire, a secretary of the Central Labor Union, first proposed the holiday. Labor Day is still celebrated in cities and towns across the United States with parades, picnics, barbecues, fireworks displays and other public gatherings. For many Americans, particularly children and young adults, it represents the end of the summer and the start of the back-to-school season.

# Chief William Froehlich # 30

Dear Members;

Over the past three years, I have had the honor, pleasure and the duty to serve as your Chief. During this time, we have tackled many hurdles together and have overcome many adverse situations. We have all experienced some of the best times here at Bay Shore Ambulance, but were witness to a few situations that left us with our heads in our hands, looking to each other for comfort. Through it all, we came together and weathered the storms. Thank you to all if you for your support and hard work.

There are only 27 other members who could possibly understand the emotions that I feel at this time. Physically, mentally and emotionally, stepping away from something that has essentially consumed one's life is extremely difficult to do. However as with all else, a change is in need and is essential for the success of our organization. But before I go, I would like to say a few things to our membership.

First, I would like to thank all of the Officers (Line and Board) that I've had the privilege to work with over the past 9 years. We all took this organization up to another level. About 10 years ago, we were ready to close up shop, forever losing our face and the memories of those who walked these hallways before us. It took a few dedicated and essentially fed up members to change the direction of BSBRA. Most put their all into BSBRA, and lost much by doing so. The blood, sweat and tears that were shed over the years have not gone unnoticed. Thanks to our leadership, we were able to steer this business into a different direction, and before we knew it, we were being honored on the county, state and national levels. Thank you for service to our organization.

I would like to also thank the members; those who make us look good in the streets and represent our organization professionally. Without your efforts, we would not survive, and nor would our communities. You are all part of much a bigger facet of life. What people don't understand is that it take a special kind of person to get up and help others, especially on a voluntary level. Most of the time, we don't even get a "thank you". But think of what you do on a daily basis. You have the ability to save a life. In my opinion, that is the greatest gift of all, and the most valuable one as well. Please keep doing what you do, and never lose your passions in life.

Love one another as a family, because that is essentially what we are. Understandably, there are people in life that you will come in contact with that may rub you the wrong way. That's fine in life; however in a tight knit, high stress, high paced organization such as ours, we need to lean on each other. We need to constantly watch each other and have the back of our fellow members. We do this simply because, no one else will.

To all of the members, especially the newer ones I would like to say this... get involved. This is our organization, our home. There are so many committees that need you to help us move forward. There is training and meetings. One day, you could be sitting in my seat and realizing that there is so much that one person can take on. Working as a team will always yield the greatest returns.

To the newly elected officers, I have the best piece of advice. Never forget where you came from, and always be humble. We have all walked in the shoes of the newest probie, and you should always remember how that felt. It's not easy to be permitted membership and try and fit in. We require a lot from our members and therefore we should treat them with the respect and diligence that they deserve. If you don't give respect, you will not receive it, and that is something that is earned. It's easy to gain that respect, but even easier to lose it. Stay on your toes and never lose sight if your goals.

In closing, I would like to leave you all with a quote with regards to the overall success of this Bay Shore-Brightwaters Rescue Ambulance. President Theodore Roosevelt once said, "Far better is it to dare mighty things, to win glorious triumphs, even though checkered by failure...than to rank with those poor spirits who neither enjoy nor suffer much, because they live in a gray twilight that knows not victory nor defeat." Keep up the great work, and may the God that you worship always protect you, and this great organization.

Respectfully, Bill Froehlich Chief of Department @ BSBRA 2011-2014

First I want to start off by saying thank you and good work to the membership.

The key issue I want to touch on this month, is the vehicles front and rear cab's cleanliness and including the vehicles bay and the new restored building, please help us take out the garbage and keep the inside of the department clean.

- 1- Cleaning the cab and emptying the trash inside the back of the rigs is part of a rig check.
  - 2- When emptying the garbage in the building, the bay garbage cans are included on the cleaning.
  - 3- When backing up into the bay You must use a spotter at all time no one is exempt.
  - 4- Any damaged done to the vehicles must be reported. The vehicles will be inspected daily by the COD and the crew chiefs.
  - 5- All captains must make sure all 5 rigs have been Rig check with (exp. dates) during the day, even is they were not used at all.
- Please drive carefully

Have a great month!!!

TUESDAY Kerri Paoletti #52

Thank you to everyone who has come down to help out on Tuesdays! I am in need of an overnight crew. If you can come down and help out, please let me know. Also, throughout the day I am very short on drivers, so if you can come down or listen up, it would be greatly appreciated. I know I am beating a dead horse here, but when you cook, please do your dishes. When you throw your OSHA gear all over the front of the building like a frat house, please put it back on the racks or in your locker before you leave. You cannot imagine how tired I am of having to clean up after you. And just because the building is in the process of being repaired, does not mean it is OK to throw your garbage on the floor or to leave the building a mess. Please, we are all adults here. Please clean up after yourselves! Take PRIDE in OUR home!!!

Something I would like to bring to all of your attention: Keep in mind, you are ALWAYS on camera! Those flashy lights attract a lot of attention. Everyone has a camera in their phones. Please remember this! You never know who is recording or photographing you from where and when! You do not want to be that person who is made a poor example of what we really do.

Finally, I would like to commend John Martinez and the members who came down to help him for the job they all did on August 13, 2014. As an officer and someone who cares very, very much about this department, it was incredibly heartbreaking to see what was happening to the building. Plus getting slammed with call after call on top of that is a stress that not many can imagine. I was sitting at work feeling helpless each time I heard our tones drop. But as always, you guys pulled through and got the job done. There are not many departments that can do that. So I personally thank you all.

Respectfully, Kerri Paoletti

## WEDNESDAY John Martinez #53

First of all I would like to thank all those brave volunteers that drove up to 4 hours in dangerous weather in order to help me on that dreadful day on Wednesday, August 13th. Mother nature had other plans for us that day, it certainly was a test to see the level of commitment we have to help our community, I know if many of you had the chance to be there, you would have. We rolled out Hercules in order to bring our patients to the hospital. We knew nothing was going to keep us from doing our job. We responded to over 20 calls including 2- 24's to Brentwood. Thanks to chiefs Frohlich, Guszack, & Rodriguez who came that day. We transported some nursing staff members to SSH on top of 3-24-1, in order to help the hospital from going on diversion. Also a big thank you goes out to those members that helped me on the last 2 Wednesdays while I was away on business,

I want to thank all those members that trust in me the rank of captain on this past year, it surely was an experience that I will never forget, I tried my best to uphold the constitution and SOP's of this department to the best of my abilities,

Sincerely - John Martinez

## FRIDAY April Kunz #55

Just a little reminder that even though we are under construction, we still need to clean up after ourselves; especially the kitchen. And Drivers don't forget to top off the tanks. It's a great help to the weekend crews.

I'd like to take this opportunity to thank all of you for your help this past year. It has gratifying to work with some of the greatest people and providers in the corps. A Special thanks to the Friday overnight crew Jackie, Atrie, Patrick, Arron, Beth and our permanent guest Jarrod. More thanks to my Friday Day probies Brittany and Brandon. Lastly the Friday evening crew Rich, Stacy, Amber and our special guests Doug and Jelfy. Thank you all for your help. Everyone else who showed up when they were needed, I thank you too. Without everyone, the day would not have gone so well for so long. It's a lot of thank you's but they are all deserved.

Sincerely, April Kunz

# Common courtesy call to your captain of the day

We are seeing a rash of last minute call in's, no show-no calls, and members who consistently run late to their duty tours without any notifications to the Captain of the Day. We would like to remind the membership that a call just to give the Captain a heads up would be appreciated as they would be able to help cover that portion of the tour.

For the last minute call in's, it would be common courtesy to give your Captain an ample amount of time to assist in finding coverage. You might be asking yourselves, "What is an ample amount of time?" We are asking that you give a minimum of SIX (6) hours notice. Most people know (in the working world) that they will be calling in within at least that amount of time whether they be sick or just need a mental health day. We feel that the same applies for the volunteer world. We understand that things happen, however, calling in 15-20 minutes after your tour does not help us. We can't even find paid coverage in that time, let alone volunteer coverage. Please have the common courtesy to help the organization.

As far as no show-no calls, we can advise that this is totally unacceptable and it is spoken about way to often in meetings.

Members are also reminded that if you have a regular duty slot and you can not make it, you are to contact the Captain and try to fill your spot. (As per the SOP's). You are responsible for your duty slot, regardless if you are a probationary member, dispatcher, EMT or Driver.

These situations apply to all members, probationary and badge, call-in to interim. When you commit to a slot or to help out someone, please do it. You are giving your word that you will help them out.

Should there be any questions in regards to these requests, please see a Chief.

On behalf of the Chiefs Office, Bill Froehlich Chief @ bsbra

## BSBRA LOSAP

LOSAP? Sign-in sheets are very important because the Town of Islip will not allow me to take the information from the back of timecards. The Town requires that I have sign-in sheets for everything, including committee work, trainings, drills, events, and anything that is corps related that you would like to get credit for. Sheets should be placed in the LOSAP box outside the committee office.

Thanks for your help,

Barbara D. Spiegel Human Resources / Corresponding Secretary @ BSBRA

## ARTICLE XII NOMINATIONS AND ANNUAL ELECTIONS (rev. 2009)

### SECTION I NOMINATIONS

- A. The Eligibility committee shall consist of five (5) active members and shall be appointed by the Chief at the General meeting in May.
- B. (Rev. 2009) It shall be the duty of the eligibility committee to present a ballot of candidates at the August general meeting, in which candidates selected for the respective offices shall be among qualified members, as per:

Article III, Section VII  
Article IV, Section V  
Article V, Sections I,II,III,IV,V,VI,VII  
Article XVIII, Sections I,II,III

Of these by-laws, shall be determined by the Eligibility committee to have met the requirements of said position in accordance with Article XXI Section II.

- C. Nominations of qualified members in good standing shall be accepted from the floor and candidates' names turned over to the Eligibility committee for verification of eligibility. All absentee nominations must be by letter of consent, signed by the candidate and two (2) members in good standing and the candidate's name will be added to the list handed to the Eligibility committee. The Eligibility committee will then proceed with their duties, in accordance with Article XXI, Section II of these by-law.
- D. Nomination procedures shall commence as follows:
1. The Chief chairing the meeting shall open the nominations for respective positions.
  2. A member shall nominate another member in good standing (as per Article III, Section IV of these by-laws) as a candidate the respective position.
  3. The nomination must be seconded by a different member in good standing as per Article III, Section IV of these by-laws.
  4. The nominated candidate has the ability to accept or decline the nomination.
  5. A member, other than the Chief chairing the meeting, must make a motion to close the nominations for the respective positions.
- E. Any member in good standing may be nominated for an elected position as long as the member is eligible to fill the position by the date of the election for said position.

### SECTION II ANNUAL ELECTIONS (Rev. 2/07)

- A. Election of officers shall be held on the Friday immediately preceding the General meeting in September of each year. Voting hours shall be at the organization headquarters from 9:00 am until 9:00 pm. Voting shall be by secret ballot utilizing a ballot box or voting machine. The election process shall be observed by one (1) custodian from Suffolk County Board of Elections. A minimum of one (1) member from the Election Committee shall be observing or in contact with this custodian while voting is in progress.
- B. All members in good standing, as per Article III, Section XIV of these by-laws casting ballots must show photo ID to the Suffolk County Board of Elections custodian and sign the election record book prior to voting.

- C. Absentee ballots for the annual elections must be received by the Company Secretary or Suffolk County Board of Elections Custodian by 5pm on the day of elections. All absentee ballots will be recorded in the election record book.
- D. Absentee ballots for annual elections, as well as elections throughout the year, must be available not less than two (2) weeks prior to the election.
- E. Votes shall be counted by the Election Committee immediately following the close of elections. The Election Committee shall be made up of at least three (3) members. Results will be made available in writing and posted immediately after all votes are counted. Official results will be read at the September General meeting.
- F. Election to office must be by a majority of votes cast as outlined in Robert's Rules of Order, 1990, Ninth Edition:

#### "Voting Procedure/Recording the Votes

*In recording the votes cast, the tellers ignore blank ballots and do not credit illegal votes to any candidate or choice. All blanks must be ignored as scrap paper, since members who do not wish to vote may adopt this method of concealing the fact. If in unfolding the ballots it is found that two or more filled-out ballots are folded together, they are recorded as illegal votes-that is, each set of ballots folded together is reported as one illegal vote on each question, and is not credited. On the other hand, a blank ballot folded in with one that is properly filled out is ignored, but it does not cause the rejection of the ballot with which it is folded. If a member leaves one or more of the choices blank on a ballot containing several questions or more than one office to be filled, the blank spaces in no way affect the validity of the spaces he has filled, and for each of these votes he should be given credit for one legal vote. If he votes for too many candidates for a given office, however, that particular section of the ballot is illegal, because it is not possible for the tellers to determine for whom the member desired to vote. Small technical errors, like misspelling of a word or name, do not make a vote illegal if the meaning of the ballot is clear. Unintelligible ballots or ballots cast for an unidentifiable candidate or a fictional character is treated as illegal votes. If the meaning of one or more ballots is doubtful, they can be treated as illegal if it is impossible for them to affect the result; but if they may affect the result, the tellers should report them to the chair, who will immediately submit to the assembly the question of how these ballots should be recorded. All illegal votes of the type described in the preceding paragraph -that is, illegal votes cast by legal voters - are taken into account in determining the number of votes cast for purposes of computing the majority. If there is evidence that any unidentifiable ballots were cast by persons not entitled to vote, and if there is any possibility that such ballots might affect the result, the entire ballot vote is null and void and a new ballot vote must be taken. The principle is that a choice has no mandate from the voting body unless approval is expressed by more than half of those entitled to vote and registering any evidence of having some opinion." Revised am)*

- G. When two or more candidates are running for the same position and no one candidate receives a majority of valid votes cast, the Election Committee shall inform the Membership by posting the results immediately after all votes are counted. The Membership will also be informed at the September General meeting. A run-off election between the candidates shall be held. Ballots for run-off elections shall be made available at the September General meeting, and the vote shall take place at a special meeting or election to be held not less than two (2) weeks following the September General meeting. (Rev 12/07)
- H. All Officers elected shall assume office and authority on the first day of the month of October following their election to office. (Revised 4/93)

### SECTION III INTERIM VACANCIES

- A. In the event a vacancy occurs in any office other than Chief or President that vacancy shall be filled by nomination at the next General or Special Meeting of the Organization. The election of the nominee(s) shall be at the next Generator Special Meeting of the Organization following their nominations, providing all Members are notified, in writing, not less than forty-eight (48) hours prior to the Meeting which the vacancy will be voted on.
- B. In the event the office of Chief is vacated, the following shall be the procedure for filling the office of the Chief:
- 1) The 1<sup>st</sup> Assistant Chief shall assume the office of the Chief;
  - 2) The vacancy of the 1<sup>st</sup> Assistant Chief shall be filled by the 2<sup>nd</sup> Assistant Chief;
  - 3) The vacancy of the 2<sup>nd</sup> Assistant Chief shall be filled by the 3<sup>rd</sup> Assistant Chief;
  - 4) The vacancy of the 3<sup>rd</sup> Assistant Chief shall be filled by nomination at the next General or Special Meeting of the Organization;
  - 5) The Chief (formerly the 1<sup>st</sup> Assistant Chief) may appoint an Acting 3<sup>rd</sup> Assistant Chief until the election of a new 3<sup>rd</sup> Assistant Chief.
- C. In the event the office of the President is vacated, the Vice-President shall assume the office of the President and the vacancy of the Vice-President shall be filled by nomination at the next General or Special Meeting of the Organization in the usual fashion. The President (formerly the Vice-President) may appoint an Acting Vice President until the election of a new Vice-President.
