

James R. Fortunato Sr.

In Memory of Ex-Chief of BSBRA

June 4, 1924 - October 10, 2011

Waterville-James R. Fortunato, Sr., 87, passed away peacefully at Inland Hospital surrounded by his loving family. He was born June 4, 1924 to Joseph and Rose (Zitelli) Fortunato, Sr., in Bay Shore, New York. Upon graduating from high school in 1942, he entered the U.S. Army and served in the motor pool at Fort Dix, New Jersey. He married Jacqueline LaVista on August 31, 1947 and together they raised 5 children. He was a self-employed carpenter his entire life having built many beautiful homes, kitchens, alters and furniture. He built alters in catholic churches in Bay Shore, New York and Vassalboro, Maine. James served as a volunteer...

Waterville-James R. Fortunato, Sr., 87, passed away peacefully at Inland Hospital surrounded by his loving family. He was born June 4, 1924 to Joseph and Rose (Zitelli) Fortunato, Sr., in Bay Shore, New York.

James served as a volunteer treasurer in Boy Scout Troop 10 in Bay Shore and was a founding and lifetime member of the Bay Shore - Brightwaters Volunteer Rescue Ambulance, He served as a chief of BSBRA from 1962-1964.

He will always be remembered by the members of BSBRA!!!!

William Froehlich

BSBRA CHIEF

30

From the desk of William Froehlich Chief of the Department

Dear Members;

I would like to once again congratulate the entire membership on another great month. As of the date I am writing this letter, we have answered 3,277 alarms, making this one of the busiest years in BSBRA history. If things continue at the rate they are, we will be approaching, if not breaching the 4,000 call mark!

A much deserved thanks goes out to the Fundraising committee, which has helped raise a total of \$11,000 this past year. If not for the hard work and coordination of the committee's efforts this year, we would not be able to have our 53rd annual installation dinner. As you all know, our funds have been dwindling over the past couple of years. We feel this is due to the economic hit that most of the population has taken, but also due to the rise in our membership over the past two years. I want to stress to everyone how important it is to participate in the fundraising events. It is OUR money, and just like everything else, we have to earn it to ensure that we can have events such as the installation dinner in the future. Please do your part as a member, and get involved in the fundraising committee.

There will be a uniform fitting for any

badge member that does not have ceremonial uniforms. The dates will be November 8, 9, and 10 @ 1830 hrs all days. If you are a badge member, and you need an alteration to your uniform, please bring it down and it can be taken care of at that time. Any member that gets fitted MUST have a second fitting at the time your uniform comes in. This will ensure that the uniform fits properly. The ETA for the uniforms will be the middle of February.

The Chief's Office has been working on a new SOP dealing with Behavioral Emergencies (25-A-1 jobs) and EDP's. Recently, we had a call that had the potential to turn ugly really quick. As the first responder arrived on scene, they found themselves in the middle of what could be considered a domestic dispute. The first responder asked Med Com for a rush on PD, but PD didn't show for at least another 20 minutes. It has always been made clear that our safety should always be number one. I ask that all members remain constantly vigilant to the dangers we face out there on the streets as first responders. In the event that you get that "gut feeling" that things will go bad, I hope that you would remove yourself from the scene. The most important thing in life is being able to do the job, and to go home and be with our families.

Over the past month, we have had several riding members with steady duty slots have problems with getting down on their duty slots. Some have been a "no call-no show" case, in

which there is no communication between said member and the Captain of the Day. This practice poses issues for the organization as well as the Captain. Sometimes, we are not able to cover the slots, and sometimes we get lucky. The rule is simple. If you can not attend your duty slot, you MUST call the Captain of the Day. The Captain is responsible for that day, and may have to answer to the Chief's Office. We understand that this is a Volunteer organization, but it is also a business which depends on our Volunteers to get the ambulances out. With the number of members that we have, there should be no reason why you can not find coverage, especially if you know you will be out. Remember, as part of the TEAM, you are expected to do your part.

Finally, I would like to say thank you to the entire membership. We all here know that EMS is a very thankless field. We see the best in people, and more so than not, we see the very worst in people. We in the Chief's Office do what we can for the membership, with what we have. Yes, we would like to buy everyone sweaters and coats every year to say thanks, but we can't. However, on behalf of the Chief's Office, I would like everyone to know that the work you do, does not go un-noticed. Thanks for all you do, and please keep up the great work!

Respectfully,

Bill Froehlich
Chief of Department

Shivannah Chiatar 31

1st Assistant Chief

Hello everyone:

1. We discussed the possibility of taking in members every 3 months instead of every month. Prior to having riding privileges, each prospective member would have to complete a "core" training program where they learn core skills and classes such as CPR, OSHA, Sexual Harassment Prevention, vitals, etc. This training would be a 1-2 month process before having the ability to ride on the ambulance. We hope that this will make probies better prepared to work with our EMT's and become more proficient at assisting their duty crew. We will be working to implement a paper trail for crew chiefs and probationary members to ensure that training, attendance, and rig checks are getting done every week. We will also be working on making things more computer accessible. Our applications can now be filled out and submitted online.
2. If you are interested in becoming a badge member, please be sure to submit your request before the officer's meeting.
3. Please remember to submit your request to renew your crew chief status....it must be renewed every 3 months.
4. If you have not received an invitation to the dinner dance, please be patient. We are working closely with the dinner dance committee to get invitations out as soon as possible. If you have not done your required trainings, please get them done asap or you will not get an invitation.
5. Thank you to all members who helped out at the Entemann's Run....it was a great time and job well done by everyone that helped out!
6. I hope that everyone has a safe and happy Halloween!

-Sivannah Chiatar 1st Assistant Chief BSBRA

Jason Hoffman

2nd Assistant Chief

32

Each and every one of you are doing a great job! You guys and gals are truly the best group of volunteers any department could ask for! Keep up the great work.

In order to keep each of our members up to date with the latest technology and the ever changing advances in medicine we put forth trainings for you to attend. I know you feel that trainings may be ancillary but indeed your attendance is required at trainings as per the by laws. We are trying to make the trainings meaningful and adding an ALS element to all upcoming trainings. Their are continuous changes in medicine and will try and teach topics that have had changes over the past few months. We ask that you do your best to try and attend trainings.

The chiefs office has met and discussed in detail our process on taking in new probationary members as well as their probationary training requirements. The chiefs office has decided to try something new. We will take in members only four months out of the year. The months will be March, June, September and December. A prospective member will go through the same requirements with the membership committee before being presented to the membership for a vote. Once they have met their application requirements and have been recommended for membership by the membership committee then our members will vote on our prospective members at the general meeting. Once they are voted in as probationary members they are required to do the following.

-Attend probationary trainings every Monday at 1900 hours for 12 weeks (there are exceptions for members who are all ready EMT's).

-New probationary members will not be allowed to ride on the ambulances until they complete their first four weeks of training.

- Week 1 is an Orientation to the department taught by a Chief.
- Week 2 is a CPR Original class.
- Week 3 is a Sexual Harassment/OSHA class.
- Week 4 is Orientation to the ambulances and equipment location.

After the probationary member has completed all 4 weeks they will be introduced to their Captain, Crew Chief and Mentor. We will be using mentors once again and the chiefs office will be contacting select members to become a mentor for the probationary members.

This is all being done for many reasons. We need to create more of a structure for our probationary members. We want our probationary members to possess the knowledge that is needed to be a patient care provider. More importantly teaching our probationary members what BSBRA is all about and how to be the best!

The chiefs office asks for your help and patience during this transition.

A few other reminders.... Please remember any time you are wearing anything with a corp identifier, driving one of our vehicles, are responding to our calls you are representing BSBRA! Please be professional! Be kind and polite to our patients and their family members. Try and accommodate our patients requests (within reason) and be the best provider you can be. The BOD and Chiefs try to give you all the best, uniforms, equipment, ambulances, trainings, and so on and so forth we just ask that you give your patients the best care possible.

CPR- Starting Nov 1st our CPR committee will be conducting CPR refresher classes 2x a month. They are held on the 1st Tuesday and 3rd Wednesday of the month every month. In the event you let your CPR card expire you CAN NOT take a refresher you must take a original. We will only be offering original classes once every 4 months. Starting in January the CPR committee will be teaching monthly CPR classes for the lay rescuer (civilian). So any of your friends, family members, co-workers that are interested in CPR training may take the class at our HQ. The dates will be the second Sunday of the month every month starting Jan 1st.

I apologize for the length but there was a lot to cover. Please stay safe and stay warm out there. Don't hesitate to call if you have any questions.

Please refer to the calendar for training dates on both the website and newsletter. Jim will be doing two Core CME sessions a month (currently there is only one date for Dec, a second date will be posted in the near future). We are looking for more members to assist in the probationary committee. If you are interested please contact me.

This months training is on child birth, a topic that 99% of us are not exposed to everyday and are uncomfortable with. This training will be taught by our own Jessica Callard who has been a RN for Good Sam and Southside Hospitals Labor Delivery units for the past five years, and has been an EMT for our department for 9 years now. She will teach us what to expect with a delivery and the complications of delivering a child. Her experience as an EMT will guide this training to what we need to know and what to do when having to deliver a child. You will walk away from the training feeling confident as that you know what to do when you are presented with a patient who is imminently going to deliver a child. Refer to calendar for dates and times.

-Jason Hoffman 2nd Asst Chief BSBRA

B O D

Just a couple of things this month.

1. Please make sure that the exhaust hoses are placed on the vehicle tailpipes after backing into the building. When a diesel engine starts up, a great deal of partially burned gases are released. It is important that those poisonous gases be exhausted from the building. Many of us sleep here during the overnights and would rather not breathe in this exhaust.
2. Remember that all drivers, volunteer and paid need to have a spotter when backing a vehicle into the building. There has been a marked drop in garage door incidents since we instituted this SOP.
3. Reminder – all members should know that all official statements are to be generated by the Board, specifically, the president acting as the PIO (Public Information Officer). No statements are to be given to the press, no matter how innocuous they may seem.
4. Lastly, please make sure to turn off the lights when leaving each room. Our electric bill each month is the same as yours for the entire year. Every little bit counts.

-Peter Klopsis Board of Directors

CAPTAIN'S CORNER

Sunday

By Felix Rodriguez 3-24-54

First I will like to thank all who came down to help me this past Sunday. As a reminder if your not going to make your duty tour you are responsible of finding coverage and letting the Captain of the day know in ample time so that we can help you find coverage. Emergency situations / Sudden medical situations is 100% excusable and is not an issue. My goal is to have 2 crews in house at all times and maybe a 3rd crew from 1200-1800, so if you available your more than welcome to come down.

To the Sunday crews - Just want to let you know your doing a great job.

Ambulances - If you see an ambulance dirty in the cab, please take a few minutes to sweep it up and wipe down the cabinets, it will only take a few minutes to do. Do your Rig checks!!!!.

Wednesday

By Bryan Stevens 3-24-55

Wednesdays are going well. Thanks to everybody how has been helping me out. I need help in the mornings starting at about 0600hrs. Anyone available to help me out would be greatly appreciated. In addition to getting the calls out we need to make sure we restock what we use on the call. Other than that keep up the good work.

Thursday

By David Kwok 3-24-56

Hey Everyone,

Thursdays are going very well, I would like to thank the individuals that come down week in and week out to help me out. Unfortunately I am still a little lite on crews during the morning to early afternoon so if anyone is available to come down it would be much appreciated. Starting Oct. 26th I will be losing an EMT/Driver for my evening shift 1800-2400 for 4-5 weeks, if anyone can come down and help out. I would like to wish John Martinez the best of luck for his upcoming surgery and a speedy recovery. If anyone would like to be precept or driver trained, there are more than qualified preceptors during the day and night so come on down. Any questions please feel free to contact me both of my phones are always on. Thank you.

Friday

By Courtney Haubrich 3-12-52

Hi All!

I want to start off my report this month by giving a very large and heart-felt Thanks to Pete, Bill, Tom and Brian for helping me out on such short notice. I still have plenty of duty slots open for people who need them or who need to get cleared as I am an FTO. I especially need help from 0000-0600 and 1200-1800 as I can't always be at the building for those entire slots. With that said, IF you choose a slot on ANY DAY, please remember that it is YOUR RESPONSIBILITY to get coverage if you can't be there (according to our SOPs) or at least let your captain know so that they can get coverage.

I have heard that members are complaining that "the officer's are always yelling at them during meetings" and that we don't thank the membership enough. We need the membership to understand that if we are reprimanding YOU then WE were reprimanded earlier for not making the membership do as they signed up to do when they joined this Corp. I don't know of any job where your boss makes phone calls to make sure that you are coming into work each day. When we all joined Bay Shore Rescue we were aware that we were required to do our hours, attend trainings & meetings and do committee work. It is basic courtesy and out of respect for "our home" that we clean up after ourselves. I, as a member, find it insulting that we have to be treated as kindergartners because we can't get it right but I do understand it. The officer's understand that we are all human and that we make mistakes, get sick or have last minute emergencies and all that we ask is that you TRY to do what is expected of you. We will gladly help you out if you don't succeed in that effort. So before you open your mouth to complain, take good look in the mirror and ask yourselves two questions: Am I doing all that I signed up to do ? and Are they REALLY talking about me? We make firm suggestions as general as possible because it be bad taste if we singled people out. For those of you that put in your best effort every month, THANK YOU SO MUCH!! And I am proud to serve next to you and call you my family.

We are an amazing asset to the community but we will not stay that way unless we pull it together internally. The only "award" for doing so is the pride that we have in ourselves and the Corp to know that we are the best!! If you need to contact me, my number is (631)872-8152.

Saturday

By Noah Fisch 3-24-50

Hello everyone,

Thank you to everyone that has stepped up to help out this past month. It was greatly appreciated. Please remember to do your Rig checks at the start of your tour (not after lunch, not after your favorite show or movie is over). I am sure nobody wants to get fined by the state for missing equipment.

If you are allow to drive our responders, Please make sure that you ask permission from the Captain of the day prior to taking a vehicle. This includes advising someone that you may be taking the vehicle to CI to get fuel. We need to make sure the vehicles are accounted for at all times.

Congratulations to all EMT's and Driver's that have been cleared since the past meeting and last issue of Signal 19. Saturday's are going well but could always use help, especially from 0600-1800.

If you would like to get cleared as an EMT or Driver, Please call my cell 631-704-7917 and I will work out a time for you to come down and get precepted.

Thank You

EMT's quote of the month

“If you want people to follow your lead, You have to be a good leader.

Lead by example!!!”

COMMITTEE NEWS

Medical Committee

It has been noticed that not only are the patient compartments not being cleaned up & restocked after a call... the cabs are also being left a mess. Coffee cups, bottles, wrappers, gloves, etc ...on & on.

PLEASE clean up after yourselves, it's fair to the next crew. Besides being disgusting!!! Please, the OSHA shower area is for decontamination of equipment, the mops & buckets are to be returned to the janitors closet & one is usually kept along the wall in the garage. Nothing but backboards, KEDS, Reeves stretchers, etc that need to be cleaned are to be in the shower area. Thank you!!
-Elizabeth Haubrich Medical committee

Website & Newsletter Committee

To all heads of committees.

- 1- You need to update your committee page on the website or it will be remove by the 15th of Nov. 2011
- 2- You must submit a list of current or new members in your committee
- 3- If you do not see your committee listed on the website, please submit all information needed by Nov, 15th 2011.

To contact me please email: signal19@bsbra.org or call @ (631) 418 6053

-John Martinez, Editor of the Website & Newsletter Committee

Fundraiser Committee

TGI FRIDAY'S FUNDRAISER

The fundraising committee would like to thank all of you that came out Wednesday, Oct 5th to help support BSBRA. This is an ongoing fundraiser that will take place THE FIRST WEDNESDAY OF EVERY MONTH for about a year so don't worry if you missed it, theres always November 2nd and the months to follow. There will be a stack of fliers located in dispatch each month so when it is time for the next Fridays night (November 2nd), don't forget to take a flier and present it to your server!! Thank you again for your continued support!!

BACK BY POPULAR DEMAND!!

We still have t-shirts for sale!! We have both the Memorial Day T-shirts and the Eagle printed T-shirts ("lives are saved because of the brave") if you haven't yet ordered a shirt, please contact Kerri, Emily, or AJ if you wish to do so.

AND AS ALWAYS... "We're Hiring!!"

We at the Fundraising Committee would like to encourage any and all members to come down Wednesdays at 6pm to watch the magic that is BSBRA Fundraising happen!! Our doors are always open to any member (new or old) that would like to listen in, ask questions, or give suggestions. Even though our fundraisers have all been very successful, its alot of hard work to split up between only a few members on the committee so WE NEED YOUR HELP!! The meetings rarely last over 30 min and you have to be on a committee anyway right??? why not join the most entertaining one!! It is always so much fun to coordinate these events, so come on down Wednesdays at 1800 (we could sure use the extra brainstorming and manpower).

If you have any questions about this report, please contact AJ or Emily (631)521-1608

On behalf of the Fundraising Committee Thank you,

-AJ Seymour BSBRA Fundraising Committee Co-Chair
