# Chief's Report

# Charles R Chapman IV

Good evening, everyone!! October is done we're now in full-blown fall! 8.33% of the BSBRA 2021-2022 IS DONE! It goes by so fast.

I just want to start by saying fantastic job on covering the football standbys as well as the ducks standbys. Overall, we had an increase in volunteer coverage this year by approximately 10%!! Remember, money from the Duck's games covered by volunteers goes towards our membership funds. This adds up! I love the fact that I am seeing more inclusion between volunteers and paid members and the goal is to make sure that we all work as one team to serve the community.

November 25 is Thanksgiving. Holiday signup is outside of dispatch. This it's one of the first holidays that members are required one holiday a year to cover six hours. Additionally, I want to remind everyone that they are responsible for their duty tours and if they cannot make it they need to attempt to get coverage and notify their captain immediately.

Few additional reminders: Please follow chain of command and make all inquiries to your captains that the general membership elected.

Please remember to finish and lock your charts as soon as you can after the call when we wait we forget subtle details that are very important to the patient's medical chart.

Thank you all so much for everything you do. It is a pleasure to work with each and every one of you and see the success of this agency day-to-day. Keep up the good work.

1st Assistant Chief

Dana DeQuatro

Our Department is very busy with a wide variety of calls varying in severity. Over the past month we have had several traumatic arrest calls. I have seen the crews work together as one cohesive unit. Really impressed with the effective communication and how well our newer members performed on these serious calls. I encourage crew chiefs and captains to hold post call debriefing sessions to review the call, answer questions, and most importantly to ensure the crew is okay mentally and emotionally as some calls are stressful and we don't want any member going home stressed out or upset.

Over the past 4 months I have noticed something really good that has been occurring which is the "blending of crews." You see members from all different days come down to handle calls, do trainings and have dinner together.

Thank you to Captain Orlik for enforcing the "no cell phone during dinner" rule. It's always good to see members engaging in face to face communication. Very proud of all of you and we are definitely starting out the new year strong. We are ONE crew, ONE Department and you all are proving that every day.

## **3rd Assistant Chief**

**Chris Orlik**

I am sure you all have noticed, multiple vehicles (ambulances and responders) have been going in to the mechanics lately. While it can be inconvenient at times, it's all for good things. We have gotten all sorts of complaints from minor annoyances to major issues, and I am doing my best to make sure all those items are addressed. You will also be seeing that the Lucas battery chargers are being installed on all the ambulances as they go out for routine maintenance. One thing I would like to bring up is when the ambulance is stripped to go out to the mechanics, please make sure that the Lucas Device, the ALS monitor, tablet, radios, and BLS bag are removed from the ambulance.

Also, please ensure that the medic (paid or volunteer) gets the ALS bag and narcotics off the ambulance.

I have received a lot of interest in a Driver Training Class lately, and I am excited to offer that class on November 27th. Time TBD. This is for people looking to become a driver with BSBRA. You must have 6 months in the department, be at least 20 years old, and have a valid drivers license.

EVOC. I do apologize as we had a slight delay in additional Day 1 classes and have yet to offer Day 2 classes. We are currently scouting new locations for the driving test as well as getting the Driver Training Committee organized. More to be announced soon.

Finally, please remember to submit any vehicle issues via email to [vehicles@bsbra.org](mailto:vehicles@bsbra.org). That email gets forwarded to a team of members that can address various issues promptly.

# Tuesday's Captain Nadine Navarro

Hey Friends!

If your reading this, Tuesday misses you!! Come down and ride, get precepted, make friends, and let's save some life's! It's always a fun time making new memories, hope to see you soon!!!

*Nadine Navarro*

# Thursday's Captain Shannon Orlik

First and foremost, I would like to thank everyone for coming down and helping during the day. We have had multiple alarms, like any other typical Thursday, and the extra help doesn't go unnoticed! We have preceptors for both EMT and Driver throughout the whole day, including the overnight. Everyone and anyone is always welcome to come down!

*Shannon Orlik*

# Supervisor of Dispatch

Hi everyone,

There are holiday duties coming up November and December.

Please sign up for these. You are required to do one holiday duty tour per year.

If you haven't done one for this year, you must do one as per the by-laws especially if you plan on running for a position next year and if you plan on going to installation dinner dance.

Remember if you sign up for any standbys or holiday duty and you feel you made a mistake or something else like work came up you must call your crew chief or captain so they can help you find coverage.

Do not cross your name off until you spoke to crew chief or captain. Have a blessed holiday season.

Thank you

*Diane Tierney D#24*
