- Good Evening Everyone,  
First and foremost, I want to congratulate our newly elected officers and offer my sincere appreciation to those finishing their terms from past positions. Your hard work and contributions to our agency are appreciated.
- Thank you for your support and for your patience as we change leadership for the 2021-2022 calendar year. I am extremely humbled and excited to take on the role of Chief of Department and am looking forward to working beside our membership: both paid and volunteer. I really feel that this office and this membership can take this department to the next level.
- Our mission statement is providing quality prehospital care of Bay Shore and Brightwaters. I believe that we can do better, and it is our duty as providers to do better. Together, we can ensure that we never lose sight of our mission, and if we do, it is only together that we can reorient ourselves and ensure that the mission continues successfully. My goals for this year are to bring us back to these main objectives:
  - Address adequate crew staffing to ensure calls get out in a timely fashion decreasing both our mutual aid rate and 16 to 2 times.
  - Increase awareness, ability and knowledge through a continued focus on training.
  - Continue the process of replacing equipment/vehicles that have surpassed their lives.
  - Revisit the idea of a standard duty uniform; one that our membership is proud to wear.
  - A focus back on the importance of organizational structure and utilization of the chain of command.
- Over my 16 years here at Bay Shore Ambulance, I have come to realize that every action has a reaction. Every member has a vital role in this organization and no single member can do it alone. Probationary members, You are tasked with assisting with patient care, forging your own pathways through training opportunities and truly are the future of this agency. Once you become a Badge Member, you have met a specific set of responsibilities: EMTs help people in their darkest times, Driver's ensure safe transport to a definitive medical facility and Dispatchers ensure communicate is constant with resources available. On a fundamental basis, calls won't get out without these vital roles.

Continue next page

- If you choose to take a leadership path, Crew chiefs watch over a tour- Relationships are built, trust is found, and you are the frontline of ensuring during those 6 hours, resources to our community are available. Anyone who has done the job of a Captain knows every day you are collaborating and assisting our membership meet our goals. With that being said, you get a front row seat of seeing people succeed, step up and thrive under the right circumstances. The Chief's office does not function without strong Assistant Chiefs, who collaborate and recognize that while each position has a specific set of duties and responsibilities- the goals of all are the same: To provide high quality care to our community and ensure that our membership has the tools to succeed. Opposite our operational side is our Board of Directors- tasked with supporting the operational goals from the administrative side, handling funding, payroll, staffing, purchasing, legal concerns and public relations.
- I outline these roles to showcase that everyone in this organization is essential. The work of running a volunteer ambulance Corp. is never done, however with strong teams come strong results. Any goals outlined by the leadership are empty till we come together as a TEAM to achieve them. I truly believe we have one of the best teams out there and together, we can achieve anything.
- My phone always on and I welcome your concerns, criticism, ideas and suggestions. Let's make this a wonderful year.

1st Assistant Chief

Dana DeQuatro

Members,

October 1, 2021 begins BSBRA new year. Although there will be transition of different members into Line Office positions, the Department's mission statement remains the same - to get a rig on the road to provide emergency medical service to the community we serve. Our primary concern which is SAFETY, remains the same. Our level of positivity and support to fellow members does not change. Key words going into the new year are:

Effective Communication  
Accountability  
Responsibility

I want to thank all of you for your unbelievable dedication, hard work and service to the Department over this past year. I look forward to seeing the bar of professionalism and expertise raised even higher by the magnificent members of this Department.

## **3rd Assistant Chief**

**Chris Orlik**

First, I would like to thank the membership for electing me to serve all of you as your 3rd Assistant Chief. I am looking forward to working with all of you for the next year. I would also like to congratulate all the newly elected officers coming in, and my thanks for all the officers who are leaving office.

EVOC - We hosted two EVOC classroom days in September. Initially we were looking to have two days of driving in October, but the site we were going to use will be unavailable. Alternative sites are being explored, and dates for our current site will be scheduled for November. You must have completed the classroom day to be eligible to take the driving portion. Be on the lookout for an online sign up.

Driver Training - If anyone is interested in becoming a driver, please reach out to me to schedule the initial training. The training takes approximately 2 hours. To qualify to be a driver, you must be 20 years old, have 6 months or more in the department, and have a valid driver's license.

## Tuesday's Captain Nadine Navarro

Hello friends,

As we come to a close of this BSBRA year I want to take time out to thank everyone who's come down to help, not just on Tuesday but to the department as a whole. If your in need of precepts, we got a few so come on down. If you need some friends, we got a bunch so come on down.

Always remember:

"Each morning we are born again, what we do today is what matters most" - Buddha
